Question 11.6

The graph of the following vector function,

$$r(t)= (2\cos t, 2\sin t, 3), \; 0 \leq t \leq 2\pi$$

looks like:

a. Circle of radius 2, centered at (0,0), lying on the x-y plane
b. Circle of radius 4, centered at (3,3), lying on the x-y plane
c. Circle of radius 4, centered at (3,3), lying on the z=3 plane
d. Circle of radius 2, centered on z, lying on the z=3 plane
e. Circle of radius 2, centered on (0,0), lying on the z=-3 plane
